Maintaining Family Communication in the Age of Covid

Let's Start with a Quick Survey

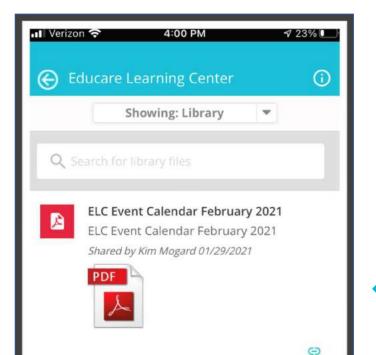

Moderator (Educare Learning Center) posted a new announcement. ELC will have a delayed opening until 10 a.m. today (2/2/21), with a re-evaluation by 8 a.m. due to continued hazardous weather conditions, and the winter storm warning remaining in effect through 9 a.m. on Tuesday.

Note: The voicemail at the center is not allowing us to change it to indicate the delay for today. Sorry for the inconvenience. <u>https://webapp.go2s.com/sl/</u> E3mWYBDeZNhh3HNW8

Res Go2s

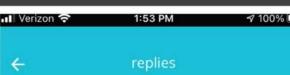

I get reminders in advance of signups.

I can still participate in the Family Association.

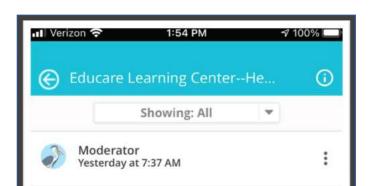

Alyssa Theodore - I still don't understand exactly what is supposed to happen on those days (besides the dictionary definition). I spent half an hour last night traveling around FCPS' website trying to find some sort of description of what to expect, with no luck. Are all Wednesdays in the hybrid schedule "asynchronous," or are they a traditional virtual (never thought I'd say that) day for all cohorts?

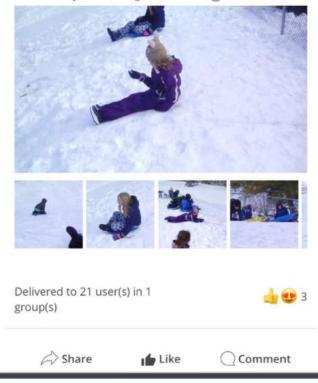

02/03/2021

Kate Stoklev - I think (based on mv kids schedules I bicked up todav) that when hvbrid begins Wednesdavs will be for small groups and some independent work time. Todav and next Wednesdav are fullv independent work davs to allow teachers to prepare/plan for hybrid.

I can crowdsource my questions—we share what we know.

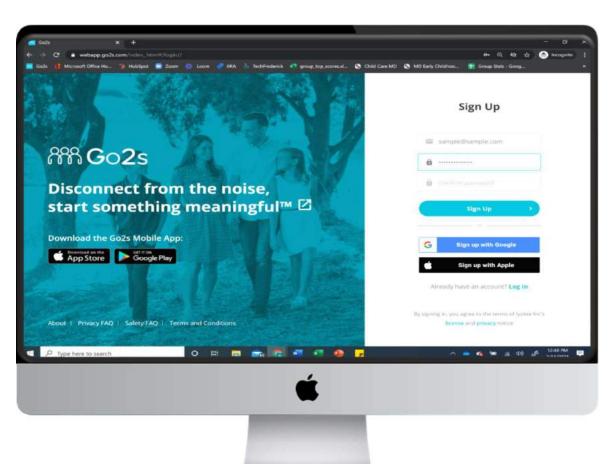

Wednesday 's Sledding Adventures 😤

I still feel connected to my son's class without crossing the threshold.
